AND CONDITION AND EFFICIENCY OF

THE POLICE FORCE.

Report by Superintendent Byrnes-No

Public Gambling-The Social Evil

Difficult to Control.

NEW YORK, Sept. 6 .- Superintendent

Byrnes, to-day, at a meeting of the Police

Board, submitted a report made in compli-

ance with a resolution passed by the Police

Board three months ago, directing him to

investigate the condition and efficiency of

Superintendent Byrnes tells the commis-

sioners that the laws to suppress crime and

disorder are well enforced, with the excep-

tion of the excise law. He shows that the

fact that this law is continually violated is

due to the great difficulty encountered by

officers in their efforts to procure evidence

against the offenders. "As to gambling,"

show that there is no public gambling in

this city at the present time. There may be

isolated cases where gambling is carried

on behind bolted and barred doors." Iso-

lated cases of gambling in a large city will always exist, is the Superintendent's opin-

ion. The report speaks similarly of policy

The suppression of houses of prostitution

and assignation is a very difficult problem

to solve, according to the report. Comment-

ing on the subject, Superintendent Byrnes

says: "If the law was such that the police

were required to drive prostitutes from the

city, prostitution, while it could not even

then be entirely eradicated, would be great-

ly diminished, but these women, regardless

of their character, have rights under the

law, and they cannot be banished or ex-

lled from our midst; they have the right to

live in this community, and, living here, will of necessity take all possible chances to ply their illicit calling." The Superintend-

ent recommends that the Legislature deal

with the matter this winter in such man-

As to the discipline of the force, Superin-

tendent Byrnes says that while in some re-

spects it is not what it ought to be, yet un-

der the circumstances it is as good as could

be expected. He suggests the reorganization

of squads and that standards of height and

physique be strictly adhered to; that mem-

bers of the force be prohibited from joining

political clubs; that merit, fitness for and

faithful performance of duty receive proper

recognition; that members of the force be

made to feel these are the only qualifica-

tions necessary for promotion, and that in-

spectors of police be charged with the re-

sponsibility for the suppression of houses

Capt. Adam Ress and his wardman

George S. Smith, who were dismissed from

the police force on Aug. 31, obtained writs

of certiorari in the Supreme Court to-day.

The applicants say they were illegally re-

moved from the department, that there was

no evidence against them on which to base

the decision and they ask for reinstate-

ment. The writs are returnable in twenty

H. Parkhurst was a passenger on the White

Star line steamer Germanic, which arrived

this evening. He was seen by a reporter,

to whom he said that he was heartily glad

to hear of the fate that had overtaken the

four New York police captains who had

been found guilty of various charges and

dismissed from the force. Referring par-

ticularly to Captain Deverey, Dr. Park-

hurst sald he was a man whom the whole

police force, root and branch, had rallied

to support, and he was astonished, as well

as gratified, to learn that just punishment

had overtaken him. He expressed the live-

liest satisfaction on hearing that ward men had been abolished, and thought this last

was a step in the right direction. The fact

Two Causes that Led to Kansas City Winning by a Score of 11 to 7 -Grand Rapids Beaten.

Special to the Indianapolis Journal. KANSAS CITY, Sept. 6.-This was the last ladies' day of the season and the fair 'fans" were out in force to see the "Blues" take the second game of the series from the Hoosiers. The "Blues" opened up like winners. Stallings led with a single and Niles followed with a double. Beard then hit to short and Stallings scored on a fumble. Klusman hit sharp to third and Niles scored, and Beard, who got around to third on the play, came home on Hernon's fly to center, making three runs. Indianapolis went out in short order. In the second and third innings both nines drew blanks. The "Blues" scored one in the fourth, when Hernon hit safe, stole second, reached third on a missed third strike by Murphy and scored on Stallings's hit. The Indianapolis boys scored the usual goose egg. In the fifth neither side scored, but in the sixth the three first "Blues" to bat got to first on bases on balls, and Darby's fly to center, Stallings's grounder to short and Niles's timely single drove in three runs. Darby became erratic, and two bases on balls, mixed up with a couple of safe hits, gave the visitors three runs. Manning's "colts" made two more in the seventh, Klusman and Hernon scoring on a fumble by short, a base on balls, Wentz's two-bagger and Darby's single. Indianapolis scored two in its half, Phillips driving one over the fence for a home run, and a base on balls and two singles giving the other. In the eighth Kansas City failed to score, while the Hoosiers made two more on a base on balls, Roat's double and Phillips's single. In the ninth the "Blues" made their last two on a base on balls. usual interest at Fleetwood. Few races trotted at Fleetwood have excited so much interest as that between Alar and Phoebe Wilkes, which was postponed on account of darkness Wednesday and fought out to a finish to-day. Each trotter had won two heats yesterday, and it required but a single dash to complete the race. Alar was favorite, at 2 to 1 on. The Western mare made a losing break after being sent away and lost her pole position. Goldsmith hurried Alar along from the outset, and at the half she was three open lengths in advance of Phoebe Wilkes. Down near the point of rocks McHenry began a hard drive, and by the time the contending trotters had reached the head of the home stretch Phoebe Wilkes was on the wheel of Alar. Half way down the stretch she was in the lead, and at the 100 yards post looked like a sure winner, but making an unaccountable break within ten yards of the wire she lost the heat, although she beat Alar out by half a length or more, the judges setting Phoebe back on account of the break. The two-year-old race furnished a fine contest between the two California colts, Miss Kate and Whalebone, the former finally winning after a series of exciting finishes. In the second heat of the free-ror-all pace Guerita tripped and fell, colliding with Minnie R. Gee Grimes, driver of Guerita, was thrown completely over Guerita's head and the horse rolled on him, inflicting probably fatal injuries. He was carried from the track, and to-night is barely alive. His head was badly cut and spine injured, his neck baving been nearly broken. He is kept under opiates, and the doctors say he will probably die. He is at the home of his parents in this city. The driver of Minnie R. jumped when the collision came and escaped with a slight sprain. Guerita was soon up, and was led from the track with the broken sulky. Minnie R., however, lay over a minute before getting on foot again, and then she was driven around and passed under the wire. Guerita was drawn. Summaries: 2:28 trot; purse, \$300.

Time -2.32, 2:2014, 2:2834. MORTON TO FARMERS.

The Secretary of Agriculture's Radical Views on Irrigation.

WASHINGTON, Sept. 6 .- The views entertained by Secretary J. Sterling Morton, of the Agricultural Department, regarding the purposes of irrigation conventions and the propriety of representatives of his bureau taking part in them, which he so plainly expressed to the irrigation congress meeting in Denver are not of recent origin. No little correspondence has been carried on by the Secretary on this subject of irrigation, tending in the same direction. In a letter to Edward Chase, of Brigham City, U. T., the president of the congress, writ-ten March 3, Secretary Morton said: "The farmers now complain of overproduction, and why they should petition the government to make appropriations to fertilize arid lands with water and beget still greater production I am at a loss to determine Really the farmer who asks the govern-ment for an appropriation with which to irrigate the arid and subarid regions petitions the government to tax him so as to create more competitors for him in the markets of the world."

Experiments with Corn. WASHINGTON, Sept. 6 .- The Agricultural Department is giving attention to the success of deep plowing. Professor Whitney, chief of the division of agricultural soffs, is now in Nebraska on a specal mission to investigate the effect on the soil of deep plowing on the one hand, and of irrigation on the other. Recently Secretary Morton received from Governor Furnas, of Nebraska, samples of corn of the 1894 crop, planted deep. Notwithstand-ing the drouth the corn is in excellent condition. The samples are all dent corn, and two of them give 60% pounds net corn to 91/2 pounds of cob. They all mature early out of harm's way from frost inside of ninety days from planting.

Land Office Agents Dismissed. WASHINGTON, Sept. 6.-Some changes in the force of special agents of the General Land Office will be required unless an additional appropriation for the service is ade early in the next session of Congress. The present appropriation for that work is \$60,000, which is said to be inadequate for the expenses of the force of between thirty and thirty-five agents, commissioner Lamoreux has just ordered the dismissal of twelve agents and the names of tweive more will be dropped from the rolls on Dec. 1. This action will reduce the force to about ten at the end of the year.

English Salt Is Free. WASHINGTON, Sept. 6 .- The Treasury Department to-day, in a letter in answer to an incury from the Leroy Salt Company, of Leroy, N. Y., states that salt imported from England is free from duty under the new law, inasmuch as England does not impose a duty on salt imported into that country from the United States. This decision, however, does not apply to Canada and some other English dependen-General Notes.

CLIFFORD BEATEN BY DOMING AT SHEEPSHEAD BAY.

First Eighth Run in 122-5 Seconds and the Mile in 1:39 2-5-Winners at the Latonia Track.

NEW YORK, Sept. 6 .- The racing for the year at Sheepshead Bay track ended to-day in a blaze of glory. The attendance was large, owing to the contest between Domino and Clifford for stakes of \$5,000, in which the latter was favorite and the former was the public choice, although they could not pour the amount of money into the ring which the big plungers put up. Both horses were cheered as they passed out to the start, but it was evident Domino was the favorite from the greater amount of applause. At the start down into the chute there was little delay, and the flag fell with the two in line. Domino made a terrific bound, and in the first sixteenth had carried Clifford at such a pace that the four-year-old was begging for mercy, as that part of the race was run in better than six seconds, and it was there that Taral took the measure of his rival. On to the first eighth they flew, locked like a team and their noses struck the pole in 12 2-5 seconds from the fall of the flag. Still locked together, they ran to the quarter, and the pole was reached in 24 2-5 seconds, a cracking pace. At the three-eighths pole, which was reached in 363-5 seconds, Domino had a shade the better of it and Clifford was breathing hard. Taral saw that he was safe and took Domino back a trifle, and the next eighth was run in 124-5 seconds. Then another eighth pole was passed in 131-5 seconds. Clifford came up a bit. Taral let out a link and away the black three-year-old flew, covering the next eighth in 113-5, making the three-quarters in 1:141-5 and taking all the heart out of Clifford. Then they rounded the turn into the stretch, with Domino going easily and Clifford laboring a length away. Simms went to the whip in the vain hope of catching his flying antagonist, but the Western horse was done and could do no more.

"Domino wins!" the crowd shouted, and they were right, for Taral eased his mount and came in a winner under an easy pull in the fast time of 1:39 2-5. Never before in the history of the track was there such a wild shout of joy, and as Domino passed the wire a length in the lead, and in fact all during the last furlong, the shouts were deafening. R. L. Rose said after the race that he was satisfied, for he had been beaten by a better horse, while Foxhall Keene sat in the clubhouse and looked pleased over the victory of his horse, Clifford looked as if he had been in a very hard race, while Domino was full of spirit as ever, and looked able to repeat the victory immediately. Big Fields at Latonia. CINCINNATI, Sept. 6.-It was a day of big fields at Latonia to-day, the first five races on the card having altogether sixtysix entries. The entries in the fourth race were the largest for a stake race in the history of the track, numbering thirty-one in all. Scratches reduced the actual number to eighteen. Hessie, who was entered to-day, won the \$2,065 purse in the Maiden stake with ease. Favorites were knocked down in every race but one, the third, in which Wightman, at 1 to 2, galloped home winner. Wightman, the only favorite who won, caught the purse in the third race. Jockey Ham got into trouble with the judges over his riding of Dillon J. in the third race. The judges say that he allowed his mount to drop almost out of the race at the start, and tried to make up the lost ground in the stretch when it was too late for him to get better than third. In the last race Jockey Hill claimed a foul, charging that Ham rad run into him at the head of the stretch. The judges reserved their decisions in both cases. Ellen W. fell in the fourth race, but the jockey was unhurt. This is his second fall in

three days. Summaries: First Race-Seven furlongs. Shiloh, 10 to 1, won; King Star, 11 to 5, second; Miss Perkins, 10 to 1, third. Time, 1:31%.
